FEEDBACK

I've played many shooters in VR and I can say without a doubt this stands with the best of them. Between the shooting mechanics, gun customizing, reload options and plenty of replay ability I'm personally super excited to keep jumping back in and hopefully recruit my VR friends to play along with me!

ABOUT FAM

For All Manakind is a group of three content creators, Tim, Trey, and Trevor, based out of Ohio. They have been creating gaming content on Twitch and YouTube since February 2017 and received Twitch affiliate status in June of 2017. Having three different content creators allows for a wide **variety** of content **unique** to each member, as well as collaboration. This includes live streams, game reviews, community game nights, tournaments, and more. **Community** is their focus, including curating a welcome, safe space for like-minded gamers, and working with other streamers, game developers, brands, and charities.

- Hosts of the FAM Game Awards
- Hosts of various tournaments
- Hosts of FAMcon (gaming meetup)
- Hosts of the FAMcast podcast
- Travel to industry events

EVENT HOSTING

We love bringing people together IRL.

FAMCON 2019

In 2019 we hosted our first **FAMcon**, an event for local Twitch streamers and gamers of central Ohio to come together to network and celebrate our love of games with panels of guest speakers, tournaments, indie games, and more!

THE FAM AWARDS

Since 2018 we have hosted **The FAM Awards**, our own annual award show and preshow for The Game Awards. During the show we announce games that have won in various categories, based on votes from ourselves and our community. After the awards, we transition into a co-stream of The Game Awards to watch along with our community.

EVENT HOSTING

In celebration of **E3 2021**, we hosted a watch party for the summer showcases where we live streamed the show from the venue with our attendees, including pre and post shows hosted by FAM and local co-hosts. We also created a themed cocktail menu, and played E3 Bingo, with prizes going to the winners.

WoW

For the release of Halo Infinite we held a **Launch Party** with a 4v4 tournament, trivia, and giveaways. The event was such a success, there was a demand for more, which turned into our monthly LAN titled Spirit of Combat.
