FEEDBACK

As an avid fan of the Evil Dead franchise and horror games in general, I was ready to dive into this game! The gameplay was familiar but had it's own quirky take that kept me going back for more! A few quality of life changes could go a long way such as more in-game graphical options and a party system but none of these impacted my overall enjoyment of the game itself! Overall I truly enjoyed my first experience and I'm excited for what's to come.

THE FAM AWARDS

Since 2018 we have hosted **The FAM Awards**, our own annual award show and preshow for The Game Awards. During the show we announce games that have won in various categories, based on votes from ourselves and our community. After the awards, we transition into a co-stream of The Game Awards to watch along with our community.

EVENT HOSTING

In celebration of **E3 2021**, we hosted a watch party for this year's showcases where we live streamed the show from the venue with our attendees, including pre and post shows hosted by FAM and local co-hosts. We also created a themed cocktail menu, and played E3 Bingo, with prizes going to the winners.
