FEEDBACK

Overall we have truly enjoyed our time with Extraction. The thrill of leveling up our operators and facing new challenges has us wanting to go back for more. The constant fear of someone going MIA is very real. Having the option to have to rescue them on the same difficulty you lost them on for added rewards would be a fun challenge. If the success of R6 Siege is any indicator, we are very excited to see what's in store for the future of Extraction!

EVENT HOSTING

We love bringing people together IRL.

THE FAM AWARDS

Since 2018 we have hosted **The FAM Awards**, our own annual award show and preshow for The Game Awards. During the show we announce games that have won in various categories, based on votes from ourselves and our community. After the awards, we transition into a co-stream of The Game Awards to watch along with our community.

EVENT HOSTING

In celebration of **E3 2021**, we hosted a watch party for this year's showcases where we live streamed the show from the venue with our attendees, including pre and post shows hosted by FAM and local co-hosts. We also created a themed cocktail menu, and played E3 Bingo, with prizes going to the winners.

For the release of Halo Infinite we held a **Launch Party** with a 4v4 tournament, trivia, and giveaways. The event was such a success, there was a demand for more, which turned into our monthly LAN titled Spirit of Combat.
